For Immediate Release

Danny Wilson in Managing Quality of Service Panel Session at the IPTV World Forum, London

Singapore, March 25, 2009 – Danny Wilson, Pixelmetrix President & CEO, is a panelist in the Managing Quality of Service audience soapbox session at the IPTV World Forum, London. This session, titled Providing Effective Customer Support in a Converged IPTV Environment, is scheduled for Thursday, March 26, 5.10pm at the Olympia Club Room.

The discussion will revolve around customer support system, service support and customer self-provisioning, overcoming the complexity of new networked home environment and the role of retail and service networks.

Wilson is a frequent speaker at IPTV and television conferences in Europe, Asia and North America, and currently serves as Editor for the Performance Monitoring/Quality of Service workgroup of the ITU-T/IPTV-FG.

The IPTV World Forum is held from March 25 to 27 at the Olympia, London.

Note to Editors

To schedule an interview, please contact the Marcom team.

About Danny Wilson

Danny Wilson is the founder of Pixelmetrix Corporation, a Singapore-based company that specializes in the design and production of management and telemetry systems for digital broadcasters. The company's award-winning products are deployed globally at numerous terrestrial, satellite, cable and IPTV operators.

He began his management career at Hewlett-Packard, Canada, as the Business Manager of HP's Communication Measurement Division. He was responsible for the introduction of the MPEGScope Transport Stream Analyzer and the world's first ATM/B-ISDN Test System, which accelerated the development and deployment of ATM technology worldwide.

He later went on with HP to Kobe, Japan, where he established and managed HP's Asia Business Centre – leading the development of the world's first multi-port network monitoring system, which was implemented throughout Japan, by NTT.

A frequent speaker at IPTV and television conferences in Europe, Asia and North America, he currently serves as Editor for the Performance Monitoring/Quality of Service workgroup of the ITU-T/IPTV-FG.

About Pixelmetrix Corporation
